

Mr/Mrs. Hiring Managers,

Myself, I am a passionate software engineer. But I have more expertise in Frontend development. Therefore I am writing an application for the Frontend developer position at your company.

I know how important the details are for a Front-end developer. My keen attention to detail and dedication to solving any problem at hand is what separates me from other candidates with similar qualifications. If you agree that I'd be a good fit for your organization, I would love to schedule an interview at your earliest convenience.

Please find my attached resume. Feel free to contact me directly should you require anything further.

Thank you for your time and consideration. I look forward to meeting you soon and I'm happy to answer any questions you have.

Sincerely

Ali Raza
